

NEWS RELEASE

MICRONCLEAN EXPANDS CLEANROOM SERVICES WITH STRATEGIC ACQUISITIONS OF CLEANROOM ZONE AND ASSURED MICRO

4th April 2025 – Micronclean is pleased to announce the strategic acquisitions of Cleanroom Zone and Assured Micro, reinforcing our commitment to growth in cleanroom cleaning and laboratory services. These acquisitions align with our long-term strategy and strengthen our market position, particularly in Scotland and Northern England.

Cleanroom Zone Acquisition

The acquisition of Cleanroom Zone represents a strong fit with Micronclean's existing cleanroom cleaning strategy. As a well-established name in Scotland, Cleanroom Zone has built a reputation for quality - an ethos that perfectly aligns with Micronclean's core values.

This acquisition provides significant growth opportunities, allowing us to enhance our cleanroom services and expand our footprint. Over the next six months, we will work closely with Cleanroom Zone's team to integrate operations, ensure a smooth transition and continue delivering the high standards customers have come to expect.

Assured Micro Acquisition

Micronclean is also pleased to announce the acquisition of Assured Micro, further strengthening our laboratory services offering. This move builds on our existing cleanroom testing service, MicronLab, and enhances our capabilities in microbiological testing.

Assured Micro holds GMP certification, complementing Micronclean's existing laboratory services and reinforces our position as a leader in quality and compliance. In addition, Assured Micro brings cutting-edge MALDI-TOF technology, allowing for advanced microorganism identification.

As a standalone entity, Assured Micro will continue to operate with its high standards while benefitting from Micronclean's support and resources.

A Stronger Future

These acquisitions mark an exciting step in Micronclean's journey, reinforcing our commitment to delivering high-quality cleanroom cleaning and laboratory services. We look forward to working closely with both teams and delivering benefits to our customers and stakeholders alike.

Kenny Gordon, Director at both Cleanroom Zone and Assured Micro, commented:

"Micronclean's core values aligned very closely with the ethos of both Cleanroom Zone and Assured Micro and I am confident that we can work together to deliver benefits to our existing customers and also have the resources to attract new customers."

Robert Parker, Managing Director at Micronclean, added:

"These acquisitions are a perfect fit with our Strategic goals. They also strengthen our presence in the North of England and Scotland, where we have a significant customer base for our Garment Services and Consumable Products, allowing us to develop our contamination control footprint in this key region and across the UK."
