

PRODUCT SPECIFICATION

CLEANROOM MUNISING PAPER STERILE/NON-STERILE

PRODUCT INFORMATION

PRODUCT DESCRIPTION

Munising cleanroom paper reduces the risk of particle generation associated with standard paper. Supplied in packs of 250 sheets in white and two other colours.

PRODUCT FEATURES

Synthetic polymer seals individual fibers into the sheet giving very low particle generation.
Free of inorganic fillers.
Suitable for use in laser printers and photocopy machines.

PACKAGING

Double-wrapped in polythene and placed in a cardboard box.

QUALITY ASSURANCE

Product supplied under BS EN ISO 9001 registered systems.

STERILISATION DETAILS (IF APPLICABLE)

Gamma Irradiation (minimum 25kGy).

SHELF LIFE

2 years.

STORAGE CONDITIONS

Store in cool, well ventilated area.
